VERDUN THE NEXT OBJECTIVE

HUNS MAY ATTEMPT FLANK MOVEMENT ON FORTRESS

TEUTONS ARE READY TO LAUNCH POWERFUL ATTACK ON AMERICANS

(By Associated Press.)
WITH THE AMERICAN ARMY IN FRANCE, June 8.—German prisoners report new German troops are moving up to the rear opposite the American sector where enemy artillery is increasing, indicating that the Teutons are bringing up additional big guns.

BRITISH ESCAPES IN HIGH GEAR

(By Associated Press.)
SIGHTS A SUB AND ESCAPES TO PORT AT FULL SPEED

(By Associated Press.)
AN ATLANTIC PORT, June 8.—An American steamer loaded with foodstuffs which returned to port today, reported having been chased by a submarine. It is reported that the ship's captain requested the naval authorities to arm his vessel. The submarine was sighted off the Virginia Capes and outdistanced before she dispatched a torpedo.

AMERICANS MOW DOWN GERMANS WITH DEADLY FIRE

(By Associated Press.)
ENEMY COMPELLED TO HALT BY GRILLING FROM YAN-KEE GUNS

(By Associated Press.)
WITH THE AMERICAN ARMY IN FRANCE, June 8.—American machine gunners and riflemen mowed down Germans northwest of Chateau Thierry last night. At one point a hundred attacking Teutons were killed.

A German thrust launched in the vicinity of Boursches was completely stopped 400 yards from the American trenches, despite an intense German bombardment in which gas was used in a new form.

The Americans attacked the Germans east of Torcy last night. The French continued their advance on the American left. The Americans took prisoners in an attack early today in the southern part of Bailleau Wood. The battle is still raging.

AVIATION FIELD OPEN FOR MEN

(By Associated Press.)
SACRAMENTO, June 8.—The acting commander of Mather field, near here, announced today that California draft registrants will be accepted for the aviation section of the signal corps, through voluntary induction beginning Monday, for training on Mather field. He expects to draw men from the territory between Redding and Fresno.

One hundred pounds of beef shrink to sixty-seven pounds in ordinary roasting.

(By Associated Press.)
WITH THE FRENCH ARMY IN FRANCE, June 8.—The second Franco-American attack in the neighborhood of Vezilly-la-Porterie and Boursches was a brilliant success to the allied arms. It continued yesterday with an advance on the Chery sector.

The enemy seemed disheartened and replied feebly to the allied fire. Batches of prisoners appear exhausted and depressed by the turn of affairs.

Important advantages were gained by French, American and British in small infantry engagements during the past two days.

BLACK JACK LED IN CAPTURE OF CANTIGNY LINE

(By Associated Press.)
TOOK PERSONAL CHARGE IN DIRECTING THE GALLANT AMERICAN ASSAULT

(By Associated Press.)
WASHINGTON, June 8.—General Pershing personally directed the fighting troops that captured Cantigny and 200 German prisoners, members of the senate military committee were told in the weekly conference with the war department officials. All German attempts to recapture the village have been futile.

U. BOAT MENACE MET BY NAVY

(By Associated Press.)
WASHINGTON, June 8.—It is believed the navy plans for constant vigilance against U-boat depredations in American waters will be set in motion today. They have been formulating for some time and the inauguration was hastened by the raider's visit of which the last sinking was that of the Norwegian steamer Vinland with bombs late Wednesday.

RUSSIA HOPEFUL OF OUSTING HUNS

(By Associated Press.)
WASHINGTON, June 8.—The president received a communication today from the Russian-American chamber of commerce at Moscow expressing hope of a complete victory over Germany. The letter declared the Russian people rely upon the economic support of the allies for reconstruction of Russia.

ALAMEDA MAN WOUNDED

(By Associated Press.)
OTTAWA, June 8.—A. C. McKinley, of Alameda, Cal., is among those reported as wounded in today's Canadian casualty list.

In some parts of northern Arabia the hills are so well stocked with bees that no sooner are hives placed than they are occupied.

A revival of artillery activity between Montdidier and Noyon is claiming attention. Indications are that the Germans may be planning another blow with still more powerful reserves.

FRUSTRATE SUBMARINE ATTEMPTS

(By Associated Press.)
CONVOYED TRANSPORTS ARE ATTACKED BY U-BOATS DURING VOYAGE

(By Associated Press.)
LONDON (Thursday), June 6.—Destroyers frustrated attempts of U-boats to attack a convoy including ships carrying American troops and Red Cross workers on two occasions last Sunday, according to Reverend Father Joseph Wareing of Baltimore and members of a Red Cross party, who arrived in London Wednesday. They didn't know whether the submarine was sunk.

Father Wareing, who had a trying experience in the Laconia torpedoing in 1917, said: "U-boats attacked the convoy soon after we arrived in the danger zone. I thought for a few minutes we were in for another Laconia experience. At least two U-boats were seen. We had a lively escort of British destroyers and they were on the trail of the periscope like a flash. Guns and depth charges began popping like giant fire crackers on the Fourth of July. Fifteen depth charges were dropped in a nest of submarines. I don't know the fate of the submarines, but we did not lose a single ship."

BRITISH REGAIN IMPORTANT POST FROM THE HUNS

(By Associated Press.)
WITH THE BRITISH ARMY IN FRANCE, June 8.—Loire Hospice, which the Germans captured Wednesday night, was retaken by the French, who completely re-established the original line and thus removed a more or less serious threat to Loire, which itself is an important defense for Mont Rouge and other hills immediately west.

Hospice is only 500 yards south-east of Loire on ground slightly lower than the village. The enemy has long coveted Loire, and retention of Hospice would give him a good jumping off place for another long list of assaults which he has delivered against the village. There were heavy bursts of shelling from German guns at various points on the British front last night, but no unusual proportions have been reported.

BRITISH TAKE PRISONERS

(By Associated Press.)
LONDON, June 8.—The British took prisoners and inflicted casualties in a raiding patrol action on the northern part of the front last night.

Battle of Planes Off Dutch Coast

(By Associated Press.)
THE HAGUE, June 8.—Five British and seven German sea-planes fought Tuesday off the coast, according to a Terschelling dispatch. One Teuton fell in the sea, and one Britisher was forced down.

CALIFORNIA ACE AMONG WOUNDED

(By Associated Press.)
DOUGLAS CAMPBELL WOUNDED AFTER BRINGING DOWN HIS SIXTH AIRPLANE

(By Associated Press.)
GOLDENDALE, Wash., June 8.—Lieutenant Douglas Campbell, the California ace, was slightly wounded, according to a telegram Professor Campbell, the aviator's father, received today. The elder Campbell is here to study the seaplane phenomena. The telegram gave no details beyond saying the wound was not serious. The professor was not perturbed by the news and continued preparations for the scientific observations for which he came from Mount Hamilton to make. He expressed relief that his son's life was not endangered by the wound.

When informed recently that his son had brought down his sixth airplane, Professor Campbell commented that his son was a good athlete and chauffeur, quick to decide and act without fear. Regarding the dangers of aviation, he said: "Man's life should not be measured in years, but by what he accomplishes. My son's letters say he is happy to be over there."

DEATH OF JUDGE BRISSEL TODAY

Mrs. George Brissel received a telegram this morning announcing the death of John Phillip Brissel, father of her husband, who had been an invalid for some time suffering from stomach trouble which reached such an acute stage that death was momentarily expected.

Judge Brissel, as deceased was styled, was born in New York state and was 72 years of age on April 15th. For many years he had been employed in the railroad shops at Sacramento and then was elected constable. After the discovery of Tonopah and the camp had become firmly established on the map, Brissel came here and through the relationship of his wife to the Butler family interested the founder of the camp to such an extent that he was appointed private secretary of the genial Jim. Afterwards he was elected justice of the peace, ranking about fourth in the list of justices in Tonopah. He was a charter member of Tonopah Lodge B. P. O. E. No. 1062 and the funeral will be held under the auspices of that order. Burial will take place next Monday or Tuesday. The only survivors are one son, George, and the widow, who is a resident of Sacramento.

THREE AUTO RIDERS KILLED BY A SUBURBAN TRAIN

(By Associated Press.)
LOS ANGELES, June 8.—Three were killed at midnight when an interurban electric train struck an automobile at a crossing near Venice.

GERMANS HALTED ON THE MARNE FIGHTING PROMISED AMERICANS BY ATTACK ON MONDIDIER SECTOR

(By Associated Press.)
WITH THE AMERICAN ARMY IN FRANCE (Friday), June 7.—Recent German activities in the vicinity of Metz have aroused a discussion among the American expeditionary forces of the possibility of an attack in Woëvre. The neighborhood

of St. Mihiel, with its sharp salient, offers the logical point for the German attack from a tactical view point. This might have the triple object of menacing Bar le Due and outflanking Verdun from the rear by elimination of a salient which has its apex at Verdun. For the moment,

(By Associated Press.)
WASHINGTON, June 8.—A total eclipse of the sun will be visible late today on a strip 50 miles wide from Washington to Florida. Semi-totality will be visible along a 150-mile strip.

(By Associated Press.)
DENVER, June 8.—Clear weather prevailed today, much to the delight of astronomers who assembled from all parts of the United States to observe the eclipse.

The moon will cross the face of the sun this afternoon and the moon's shadow will mow a swath across the United States from the mouth of the Columbia river through the states of Washington, Oregon, Idaho, Wyoming, Colorado, Oklahoma, Arkansas, Mississippi, Alabama and Florida. The region from which the eclipse will be observed is that constituting a path about 80 miles in width across the above mentioned states.

Although Tonopah is more than 400 miles from the nearest point in the path of totality, we will nevertheless witness a partial eclipse in which approximately five-sixths of the sun's disc will be obscured by the moon.

The moon will begin to encroach upon the face of the sun when the clocks read 2:51 p. m. A few minutes later the sun, when viewed through a piece of smoked glass will appear slightly flattened on its western edge. Gradually the moon will eat its way into the western side of the sun's face until 4:11 p. m., when the eclipse will be at its maximum. At this time only a crescent shaped portion at the edge of the sun will be visible. During the eclipse it will

EIGHT DEATHS AND FOUR BIRTHS IN MAY

Dr. C. L. Richards, registrar of vital statistics, completed his report for May this morning with the following results:

Deaths—John McWilliams, 60, homeloid, Round Mountain; Joseph Simons, 46, tuberculosis, Round Mountain; both died in March. Susan Jane Kelly, 58, Manhattan, senility; Wm. C. Loherty, 45, Manhattan, pneumonia; Demey Anderson (Indian), 15, tuberculosis, Belmont; Thomas Rooney, 49, uraemic poisoning, Tonopah; James P. Gardner, 38, pneumonia, Tonopah; Minnie J. Trout, 45, heart failure, Tonopah; Pete Raduly, 22, pneumonia, Tonopah; George Noddin, 66, tuberculosis, Tonopah.

Births—Sons to James A. McLaughlin and Lawrence L. Shaw of Tonopah; and Oscar J. Smith of Lone. Daughter, to Nick Chlatovich of Tonopah.

perhaps permanently, the allies have stopped the Germans at the Marne. Many tactical engagements may be expected even if the Germans decide it is useless to continue their efforts along the Marne and elect to hit the allied line elsewhere. Another place the Americans are likely to see more fighting is on the Mondidier sector.

ECLIPSE PARTIALLY VISIBLE HERE BETWEEN FOUR AND FIVE O'CLOCK

(By Associated Press.)
PARIS, June 8.—The French made new progress last night between the Marne and Ourcq northwest of Chateau Thierry. They pushed through Chezy to the eastern outskirts of this sector and reached the western edge of Damard village. South of Veuilly-la-Poterie the Germans made two violent attacks along the Boursches-le-Thiolet front, which was repulsed with heavy losses.

(By Associated Press.)
WASHINGTON, June 8.—Continuation of work on the Alaskan railway was virtually assured when the house sub-committee recommended an additional appropriation which will enable the present force of approximately 3000 workmen to continue.

JAPANESE EXPLAIN

(By Associated Press.)
TOKIO, June 8.—The Japanese government has issued an official statement explaining the Chino-Japanese military agreement, which it declares relates solely to co-operation by the two nations in the defense, peace and welfare of the far east, and denied explicitly rumors to the contrary.

WALTER TRENT, manager of the Louisiana Consolidated Mining company, left for Reno today.

SHERIFF THOMAS LANDS WITNESS NEAR AUSTIN AFTER WEEK'S HUNT

Jimmy Darrough, the Indian trapper, was on the stand this morning for cross examination regarding statements made about the footprints leading from McWilliams' mine. The witness remained unshaken although he was given a severe grilling.

Chester Perrine, a white man, who was with Jimmy, was called to the stand at 11:50 this morning and was cross examined. He corroborated everything the trapper had narrated.

Mr. Berg was also recalled without learning anything new. Mrs. John Harrington testified that she passed the Kruger cabin late in the afternoon of the day when McWilliams was killed and had heard pounding inside the house. This was taken by the state to show that the prisoner was engaged altering his shoes worn earlier in the day to avoid identification.

Sheriff Thomas reported by telegraph from Austin that he had found Richard Hogshed, the missing witness, called by the state, who had gone out on a prospecting trip and for whom the sheriff had been searching for a week.

(By Associated Press.)
WASHINGTON, June 8.—Thirty were killed, 10 died of wounds, 4 from airplane accidents; 6 by accidents and other causes and 6 of disease; 25 were severely and 17 were wounded to a degree undetermined. Lieutenant Meyer, Glendale, Cal., died from an airplane accident. The severely wounded include Lieutenant Dunn of Santa Barbara, and Private Brausch, of Willows, Cal.
